

# Hand washing rap!

You gotta' wash your hands,  
You gotta' wash'em right,  
Don't give in to germs  
Without a fight.

Use water that's warm  
And lots of soapy bubbles.  
These are your weapons  
To prevent germ troubles!

Don't cut your time short  
Your fingers.....Wash between,  
It takes twenty seconds  
To make sure they're clean!

Gotta' wash...gotta' wash  
Gotta'....wash.....your hands,  
Gotta' wash...gotta' wash  
Gotta'....wash.....your hands.
